The jewel tones of Indus Silk, Byzance, Luxe & Baroque

Bali: fabric inspired hand drawn prints in soft tones

Choose opulent silks and tactile Fuji suedes for texture, delicate hand-drawn florals from Kew, or try the bold geometrics of Neo and burnished metals of Lustre. For more traditional looks, Aphrodite and Baroque are sure to be timeless classics.

Also new are Fardis' Impressions® Sculptured Panels for a sophisticated take on wall art.

Whether it's the undulating waves of Kalahari or Sahara in glossy finishes or Gemstone's sharp geometrics in metallic and leather, Impressions® are perfect for those looking for a truly high impact look.

The Fardis team are delighted to launch the collections internationally at Heimtextil 2014.
